

August 2026

Our Apollo Summer Camp is coming to an end. Your kids had a blast this summer, and we appreciate you letting us spend time with your children! We still have another week of wonderful activities and look forward to the happy smiles that light up their faces. For those who are continuing with us for the new school year, we developed an exciting curriculum packed full of learning and fun!

The new school year for Apollo and Brevard County schools (**Grades 1-6**) begins **Monday, August 10th**. **Kindergarten** starts **August 13th**, and **VPK** begins **August 17th**. Please make sure that VPK students arrive by 8:30 AM and all other students arrive by 9 AM. Parents, please make sure your child's immunizations and physicals are up-to-date in the front office before the first day of classes. *VPK Parents: remember that the State strictly enforces attendance. Please make all doctor appointments after 11:30 AM. This will help your child maintain their attendance.*

All students riding in our **vans to area Elementary Schools** must be at Apollo no later than **7:10 AM**. Please allow enough time to sign in and board the vans safely. All "nappers" must bring a small blanket each Monday and take it home to be laundered each Friday. All students must wear tennis shoes or sandals with straps each day, as flip-flops and strapless sandals are not allowed!

For new families beginning with Apollo for the first time, we are excited to have you embark on this exciting journey with us! For any child that has never been in childcare and is having a difficult time transitioning, we ask that parents be patient and allow your child two weeks to adjust. New places, faces, schedules, and routines can be exhausting and make little ones feel overwhelmed. Please allow the teachers to do their job and assist your child during the transition. Apollo teachers are top-notch and the best at engaging kids in the learning process. We encourage parents to check in on their child and visit the classroom at any time. We always welcome parents to be involved with their children!

Reminder: Apollo will be closed Monday, September 7th, for Labor Day.
